

Conference Programme

Wednesday, 14 September 2011

University of Cagliari, Cittadella dei Musei, Piazza Arsenale 1, 'Sala Verde'

17:00 - 18:00	REGISTRATION and WELCOME ADDRESS
	Workshop on Sardinian Morphology
18:00 - 18:30	Michele LOPORCARO University of Zürich <i>The verb inflection system of Logudorese Sardinian</i>
18:30 - 19:00	Simone PISANO University of Sassari <i>The use of over-compound tenses in Modern Sardinian</i>
19:00 - 19:30	Antonietta MARRA, Giulio PAULIS, Immacolata PINTO, Nicoletta PUDDU, I. PUTZU University of Cagliari <i>Sardinian compounding with particular regard to the N-i+A structure</i>
19:30 - 20:00	Franck FLORICIC University of Paris-Sorbonne-Nouvelle <i>On «Reduplicated Imperatives» in Sardinian</i>
20:00 - 20:30	GREETINGS BY THE LOCAL ORGANISERS AND THE MEMBERS OF THE SCIENTIFIC COMMITTEE
20:30 - 21:30	RECEPTION

Thursday, 15 September 2011

9:00 - 9:50	OPENING LECTURE Angela Ralli University of Patras <i>Morphology versus Syntax: The Case of Turkish Compounding</i>
9:50 - 10:25	Alice C. HARRIS University of Massachusetts <i>Meaning Resides in Fully Inflected Forms: The Georgian "Unwillingness" Construction</i>
10:25 - 11:00	Berthold CRYSMANN University of Saarland <i>The morphosyntax of peripheral marking in Hausa: phrasal affixation or edge inflection?</i>
11:00 - 11:20	BREAK
11:20 - 11:55	Stephen R. ANDERSON Yale University <i>Agreement in Some Languages of Daghestan and The Architecture of Grammar</i>
11:55 - 12:30	Mark LINDSAY University of Saarland <i>Self-organization of the suffix system: productivity as competition</i>
12:30 - 13.05	Géraldine WALTHER

	University of Paris Diderot <i>When endoclitics account for structure in morphology: a Sorani Kurdish case study</i>
13:05 - 15:00	LUNCH
15:00 - 15:45	POSTER SESSION
15:45 - 16:20	Marcello FERRO, Claudia MARZI, Vito PIRRELLI ILC CNR, Pisa <i>Prediction and Generalization in Word Processing and Storage</i>
16:20 - 16:55	Hideki KISHIMOTO University of Kobe <i>Compound Adjectives at the Morphology-Syntax Interface</i>
16:55 - 17:15	BREAK
17:15 - 17:50	Brett BAKER*, Rachel NORDLINGER*, Louisa SADLER° *University of Melbourne, °University of Essex <i>Noun incorporation in Wubuy (Australia): interactions between morphology and syntax</i>
17:50 - 18:25	Mark ARONOFF*, Irit MEIR°, Carol PADDEN§, Wendy SANDLER° *University of Stony Brook, °University of Haifa, §University of California, San Diego <i>The self-organization of lexical domains: not quite morphology</i>
18:25 - 19:15	INVITED SPEAKER Greg STUMP University of Kentucky <i>The formal and functional architecture of inflectional morphology</i>

	ALTERNATES
	Melanie BELL University of Cambridge <i>The English noun noun construction: a morphological and syntactic object</i>
	Melanie UTH University of Stuttgart <i>French corpus data in favor of Construction Morphology</i>

Friday, 16 September 2011

9:00 - 9:50	INVITED SPEAKER Farell ACKERMAN University of California at San Diego <i>Inflectional Morphology and the Developmental Sciences</i>
9:50 - 10:25	Olivier BONAMI*, Gert WEBELHUTH° *University of Paris Sorbonne- Paris Diderot, °University of Goettingen <i>Inflectional periphrasis as collocation</i>
10:25 - 11:00	Raffaella BAECHLER, Guido SEILER University of Freiburg <i>Simplification, complexification, and microvariation: Towards a quantification of inflectional complexity in closely related varieties</i>
11:00 - 11:35	Maris CAMILLERI University of Surrey <i>Morphological Complexity in Maltese: A Divergence from canonicity</i>
11:35 - 11:55	BREAK

11:55 - 12:30	Merilin MILJAN, Ronnie CANN University of Edinburgh <i>Case morphology from a dynamic perspective: an insight from the Estonian data</i>
12:30 - 13:05	Greville G. CORBETT University of Surrey <i>A typology of lexical splits</i>
13:05 - 15:00	LUNCH
15:00 - 15:45	POSTER SESSION
15:45 - 16:20	Sascha GAGLIA*, Christoph SCHWARZE° *University of Göttingen, °University of Konstanz <i>Telling clitics from affixes: the morphological realization principle as a criterion</i>
16:20 - 16:55	Valentina BENIGNI*, Francesca MASINI° *University of Roma Tre, °University of Bologna <i>Russian shortenings in -ka: the case for constructions</i>
16:55 - 17:15	BREAK
17:15 - 17:50	Matthew BAERMAN University of Surrey <i>Realization and implication</i>
17:50 - 18:25	Bianca BASCIANO, Francesca FORZA, Chiara MELLONI University of Bologna <i>Reduplication of bi-morphemic words: Patterns in Chinese</i>
18:25 - 19:00	Steven KAYE University of Oxford <i>Morphomic stems in Northern Talyshi</i>
19:00 - 19:35	Martin MAIDEN University of Oxford <i>Why Do Morphemes Exist?</i>

	ALTERNATES
	Ewa KONIECZNA University of Rzeszowski <i>Analogical modelling and paradigmatic word formation as attention-seeking devices</i>
	KRISTEL VAN GOETHEM*, DANY AMIOT° *University of Leuven, °University of Lille 3 <i>Un problème vraiment clé: degrammaticalization of French [N+N]-compounds</i>

19:35 - 20:00	BUSINESS MEETING
20:45	OFFICIAL DINNER

Posters (in alphabetical order)

University of Cagliari, Cittadella dei Musei, Piazza Arsenale 1, 'Sala Esposizioni'

Artemis Alexiadou, Fabienne Martin University of Stuttgart	<i>Competing affixes as aspectual morphemes: The case of deadjectival nominalizations</i>
Marco Angster University of Pavia	<i>Adjectival suffixed compounds in German: a hierarchical sub-lexicon</i>

Alexandra Bagasheva University of Sofia “St. Kliment Ohridski”	<i>On the semantics, headedness and classification of compound verbs (CVs)</i>
*Melanie Bell University of Cambridge	<i>The English noun noun construction: a morphological and syntactic object</i>
Olivier Bonami^o, René Lacroix^o *University of Paris-Sorbonne, ^o Max Planck Institute - Leipzig	<i>Unblurring the inflection/derivation divide in Laz</i>
Davide Fanciullo University of Macerata	<i>The interpretation on the event and verbal morphology. The example of Bulgarian language and the evidential paradigms.</i>
Kazuhiko Fukushima Kansai Gaidai University	<i>Montagovian Morphology for Bracketing Paradox: No Need for Syntax-semantics Iconicity</i>
Livio Gaeta*, Amir Zeldes^o *Università di Napoli "Federico II" ^o Humboldt-Universität Berlin	<i>German Synthetic Compounds and the Architecture of the Grammar: A Behavioral Analysis</i>
Nabil Hathout^o, Fiammetta Namer^o *CLLE-ERSS, Toulouse ^o U MR ATILF, CNRS & Université Nancy2	<i>Meeting morphological constraints by under - and over-marking</i>
Athanasios Karasimos University of Patras	<i>‘One allomorph to rule them all, one allomorph to bind them’*: the single allomorph selection constraint in Greek</i>
*Ewa Konieczna University of Rzeszów	<i>Analogical modelling and paradigmatic word formation as attention-seeking devices</i>
Stéphanie Lignon, Fiammetta Namer UMR ATILF CNRS & Université Nancy2	<i>French verbalization with –iser and –ifier: uncertainty on meaning and form</i>
Claudia Maienborn University of Tuebingen	<i>Between morphology and syntax: Compact units of adjectival passives and adverbial modifiers</i>
Adriana Molina-Munoz University of Illinois at Urbana- Champaign	<i>PF-Compounds in Sanskrit and the Architecture of Grammar (Sanskrit, Compounding, Distributed Morphology, PF, Lexicalism)</i>
Lucia Molinu Université Toulouse II/BCL UMR6039 Université Nice	<i>The analogical extension of 2 pl. personal marker –dzis in the North Sardinian language</i>
Fabio Montermini CLLE-ERSS, CNRS & Université de Toulouse	<i>On the representation of sublexical units in a morphology without 2morphemes</i>
Heike Necker*, Liana Tronci^o *Universitaet Zuerich ^o Università per Stranieri di Siena	<i>Italian -ismo and -ista and Ancient Greek -ismós and -istés formations. Morphological processes and diachronic relationships</i>
Georgij Nowossjelow University of Konstanz	<i>Optional Affix Hosting in Turkish and Korean</i>
Diego Pescarini University of Padova	<i>Prosodic restructuring and morphological reanalysis in italo-romance clitic sequences</i>
Geri Popova University of London	<i>Inflection without exponence</i>
Leslie Saxon, Andrea Wilhelm University of Victoria	<i>Dene [Athabaskan] Possessive Compounds and the Architecture of the Grammar</i>
Chiara Semplicini University of Perugia	<i>Gender selection and syntactic constructions: the case of Dutch Double Gender Nouns</i>
Luigi Talamo Laboratorio di Linguistica, SNS Pisa	<i>Affix ordering in Italian: a psycholinguistic approach</i>
Carola Trips University of Mannheim	<i>The relevance of phrasal compounds for the architecture of grammar</i>
*Melanie Uth University of Cologne	<i>French corpus data in favor of Construction Morphology</i>

<p>*Kristel Van Goethem[§], Dany Amiot[°] §FNRS / UCLouvain °CNRS / Université de Lille 3</p>	<p><i>Un problème vraiment clé: degrammaticalization of French [N+N]-compounds</i></p>
<p>Akira Watanabe University of Tokyo</p>	<p><i>Person–Number Interaction: An Underspecification Approach to Fula</i></p>
<p>Niina Ning Zhang National Chung Cheng University</p>	<p><i>Encoding Unexpectedness by Aspect Inflection</i></p>

Saturday 17 September 2011

Excursion
